SUSTAINABILITY STATEMENT

2020

At CBR we are fully committed to sustainability in the workplace and we are proud to have introduced measures to reduce our carbon footprint. We believe that this starts at the top; we lead by example and ensure that our staff are fully trained and empowered to engage in sustainable practice, whether this be in the office or at the worksite.

Our objectives include:

- ✓ Recycling materials removed from site and office waste wherever possible
- ✓ Using water sparingly on site and only using tank water at the office for washing machinery, vehicles and any other general cleaning
- ✓ We attempt to contribute to the reduction of pollution through minimising vehicle traffic to worksites
- ✓ Using online systems over paper wherever possible

Ultimately, we believe that meeting these targets and working together to make responsible decisions and respect our environment is crucial in today's world
